

Position Southern Adelaide as a 'Smart Region' that fosters creative thinking, emergent technology, interactive data capture and innovative use of resources for the benefit the community.

A smart region brings together multiple partners and governments at all levels to provide better outcomes for the community. A smart region allows people to flourish supported by optimised infrastructure, information and resources.

Key projects to be delivered under this priority include:

1. Development of a Smart Region Strategy
2. Circular Economy Solutions
3. Creation of Community Energy Hubs
