

**PRIORITY 2**

**Regional Approach  
to the Visitor and  
Lifestyle Economy**

Develop key projects which maximise the visitor and lifestyle economy in the Southern Adelaide Region.

South Australia's tourism industry is experiencing significant growth and is a key economic driver for Southern Adelaide.

The region's visitor and lifestyle appeal is strongly influenced by:

- Premium wine and food - led by the international renowned McLaren Vale Wine Region and supported by outstanding local produce
- Coastal and nature - with over 38kms of pristine beaches, reefs and coastline supported by stunning national parks and open spaces
- Arts and culture – Adelaide's South has one of the highest artist concentrations per capita in South Australia

To accelerate the South's tourism growth opportunities, this plan positions Southern Adelaide as a 'destination of choice' and will drive increased visitation and sustainable job growth through a number of strategic projects.

An integrated Southern Adelaide Visitor Economy Plan will seek investment in:

1. A hotel in the inner south servicing visitors for business, education, health, sporting and retail reasons.
2. A national park and recreation precinct at O'Halloran Hill.
3. Regional open space and recreational facilities at Morphett Vale.
4. Completion of a walking trail along the coast.
5. A large scale luxury tourism accommodation development in McLaren Vale delivering high end accommodation, conference and meeting facilities, day spa, wine appreciation and culinary experiences.
