

**PRIORITY 3**

**3.2**

**Extension of the Mass Transit Rail from Seaford to Aldinga**

This project provides an opportunity to service an existing and growing community with improved public transport and access to job opportunities.

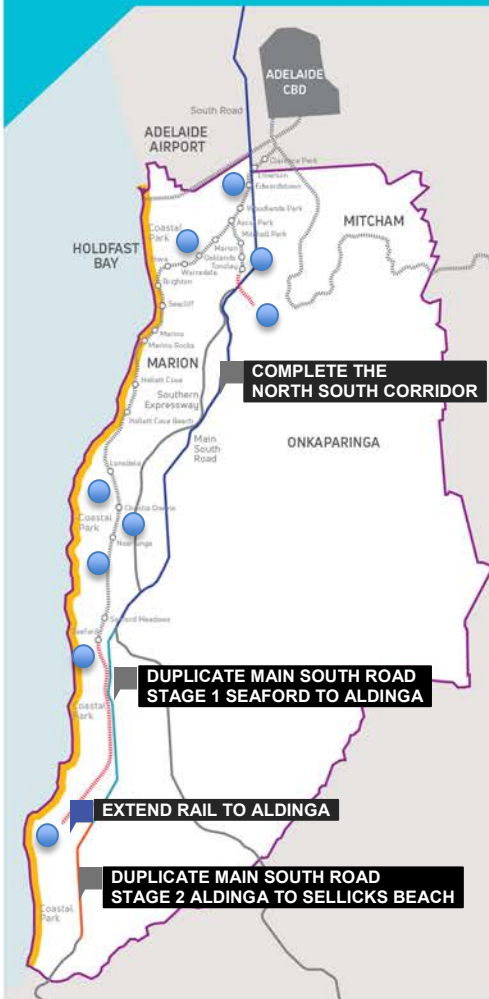

A rail corridor from Seaford Rise to Aldinga for a distance of approximately 10km is required to cater for a future rail extension.

Currently Aldinga residents (approximately 60%) are forced to commute daily for work, and experience social isolation due to limited public transport options.

A rail extension to Aldinga would provide a range of benefits:

- Better access to job opportunities within the South (Noarlunga, Seaford, Lonsdale, Port Stanvac, Tonsley, Marion and the CBD).
- Create opportunities for tourism by linking Adelaide to the world class wine region of McLaren Vale located adjacent to the Aldinga township.
- Stimulate increased use of public transport with less reliance on cars, thereby improving environment outcomes.
- Increase the proportion of people walking and riding for short trips to access public transport in our communities.

Key: ● **INTEGRATED TRANSPORT SERVICES AT GROWTH PRECINCTS**

**Call to Action**
